Dear Alex:-

Enclosed are a few pages taken from your chart 73 forwarded to me by Malcolm MacDonald.

There are so many similar names in your family -- it seems as if I was reading my own history: William, Isabelle, Donald, James Allen.

My style is different than Mac's, I prefer the book form, he prefers the charts.

I contacted Hugh, your brother, and kidded him about being a bit "blank" -- no marriage, children, etc. He is doing his part of the family with mention of his university, churches, etc.

Hopefully you will **UPDATE** your family as Mac says you have many blank spaces. I understand all your family members are married.

Although I do write other family histories, this is one on which I am assisting Malcolm MacDonald, not for publication.

Re family histories, the latest update of **THE FARQUHAR FAMILY** is at Queens County Museum -- see Linda or Valerie.

My **Simeon Perkins Extracts & Early Liverpool Records** have been donated for sale at the museum -- it is where they belong.

New England Historic Genealogical Society recently purchased both **FARQUHAR & HUSKINS** books -- I was complimented on my indexing as the staff member said he had not seen many books with triple indexes. Also, the same books have been sold, **MINUS COPYRIGHT & SALES**, to the Latter-Day Saints -- for use only as reference and resource material.

Eleanor Smith of Shelburne Genealogical Society brought me the muster rolls of 76th Reg't. of Foot -- there was one **Farquharson** as of 1783. I may finally learn something!!

Looking forward to hearing from you -- should you be in Halifax, please visit my brother Clyde and his wife Ruth -- he is not well, has had MS ever since you married them 32 years ago...2891 Doug Smith Dr.

Sincerely,

Muriel

P.S.:-- Believe it or not -- there are two families related to your family, and when I get data -- will send it.

This is a Fun one -- trying to learn if John Henry Farquhar was born or hatched from an egg! His history likely begins circa 1784 to 1791 -- if not, I will leave it with marriage in 1817.

NOTE:- The above chart has been made available to me as a researcher looking for "the tie that binds" and genealogical interest.

It is hoped many presently blank spaces will soon be filled in, and that family members will assist. Any information sent to address below will be forwarded to **Malcolm MacDonald**, the "collector" of all FARQUHAR relationships.

Space has been left on the pages should information be given.

[My chart is No. 147 in his files, but unfortunately my family, originally from Scotland, as yet does not have a link].
