Morays IV30 3LB

Dear Alex,

It was a pleasant surprise for me when David handed in your letter to me on 4th May. When I heard he was going to North Carolina I wondered if perhaps you would be too far away to contact and I often wondered how Sarah & Megan were faring since they returned from Scotland.

I now live at Dorkland alone, my mother died August 1982 aged 94 and I miss her very much but I have James, Sheila and my two granddaughters Heather & Morag they are both at school and their Mum teaches at the same school.

In the year 1975 the neighbouring farm South Dorkland came up for sale so we bought it and James built his house on the site of the old farm house so the family are not far away from me.

My aunt Ina, Allan still lives in Rossinooth she was 91 in April and she is the last link now in the Allan family. she keeps wonderfully well plays golf now & again, has a game of bridge & still drives her car.

Looking forward to seeing you next spring and you will be very welcome to come to Dorkland.

I have photographs of Alex Garghat and Sophia Allan which I got from Maud Allan (before she died) she was a Mrs McKinnon from Leeds a daughter of Dr James Allan. Kindest Regards to you all
