

March 26/86

Dear Alex:

Just a note to go along with some genealogical scribbles. Hope you can make them out. Probably everything here you already know and more - but you may pick up something that may be of use.

Last fall Doris wrote to ask me if I had a picture of the Faugulien family like at the time of Donald Faugulien's death (1906 - I think - would your Dad have been six years old at the time?) She wanted a copy made. A friend of ours here in Buckville did the job - there is an extra and it is

enclosed. With the copy is
far clearer than the original.
Thought you might like to have it.

Have a great trip - and
good hunting -

As ever.

Maureen.

P.S. I don't know if you heard
but John & Mindie have a new
son - David Eric, born
Feb 13, 1986.

P.P.S. Hope you can make out
my scribbles.

Might be worth trying to
locate the Glasgow Wisharts -
I expect Hugh would be ⁱⁿ the place -
hook. (Glasgow or Paisley) But if
you locate Dr. Dorothy Younie -
she will know. May & Russ met
